Mary:

As you know, Ann Sheffer and Bill Scheffler recently donated the attached sculpture to the Town, and as an art lover and trustee for the Westport Library, I wanted to submit my voice of support to have it placed on the Library grounds, which I know comes before the P&Z this Thursday.

We think the sculpture would be a great wayfinding entry point to the main Library entrance, guiding visitors from the Police station lot. Also, as a learning institution in this arts-avid town, it can also represent the Library's commitment and integration of creativity in our program and offerings. We also think the whimsical and bright colors will be attractive to our patrons, young and old.

Thanks in advance for bringing these thoughts forward to Thursday's discernment of this opportunity!
